

Finally, a book has been written that asks the question

# Can The Rebbe Be Moshiach?

and answers politely, clearly, and based on a careful analysis of dozens of passages throughout the broad spectrum of rabbinic literature that, sadly,

**NO**

the Lubavitcher Rebbe זצ"ל is no longer a possible candidate for Moshiach.

This book, exceedingly respectful to the Rebbe and his legacy, is not available in bookstores due to its perceived status of controversial. However, the public can buy the book on Amazon.com, BarnesAndNoble.com, or directly from the publisher at
